

Real Collections (in progress)

harvested from EDMS

harvested from Indico

Narrow by collection:

- [Publications & Notes](#) (69)
- [Articles & Preprints](#) (44)
- [Books & Reports](#) (25)
- [Engineering & Drawings](#) (0)
- [Conferences & Meetings](#) (3,450)
- [Talks & Contributions](#) (2,740)
- [Events](#) (710)
- [Multimedia](#) (7)
- [Pictures](#) (7)
- [Video](#) (0)
- [Brochures](#) (0)
- [Posters](#) (0)

Narrow by collection:

- [Articles](#) (12)
- [Preprints](#) (32)
- [Notes](#) (0)
- [Committee Documents](#) (0)
- [Internal Notes](#) (0)

Narrow by collection:

- [Books](#) (14)
- [Reports](#) (3)
- [Theses](#) (8) [restricted]

Virtual Collections (in progress)

Focus on:

[ILC Institutions](#) (0)

[ILC Detectors](#) (0)

[Area Systems](#) (29)

[Electron Source](#) (0) [Positron Source](#) (0) [Damping Ring \(DR\)](#) (0) [Ring-to-Main-Linac \(RTML\)](#) (0) [Beam Delivery System \(BDS\)](#) (29) [Main Linac \(ML\)](#) (0)

[Global Systems](#) (0)

[Technical Systems](#) (0)

[Management](#) (0)

[Boards](#) (0)

- Subcollections → to be defined; we did as an example for the “Area systems” collection
- Records added to the BDS subcollection harvested from Indico (example of attaching Indico harvested records to a virtual collection)
 - **BDS will contain also records from “Article&Preprints” → to do**

Indico harvesting (in progress)

- Set and configure Indico as a service provider → DONE
- Add Indico as a new OAI source in Invenio and start up periodical harvesting → DONE
 - Protected records are not harvested
 - Managing of deleted talks have to be implemented
- Tell the harvester to add the records in the Conference&Meetings collection → DONE
 - The collection is split in two subcollections: Events and Talks&Contributions
 - We will split Events in Conferences, Meetings, Lectures
- Attach the records also to virtual collections → IN PROGRESS

Look & feel (in progress)

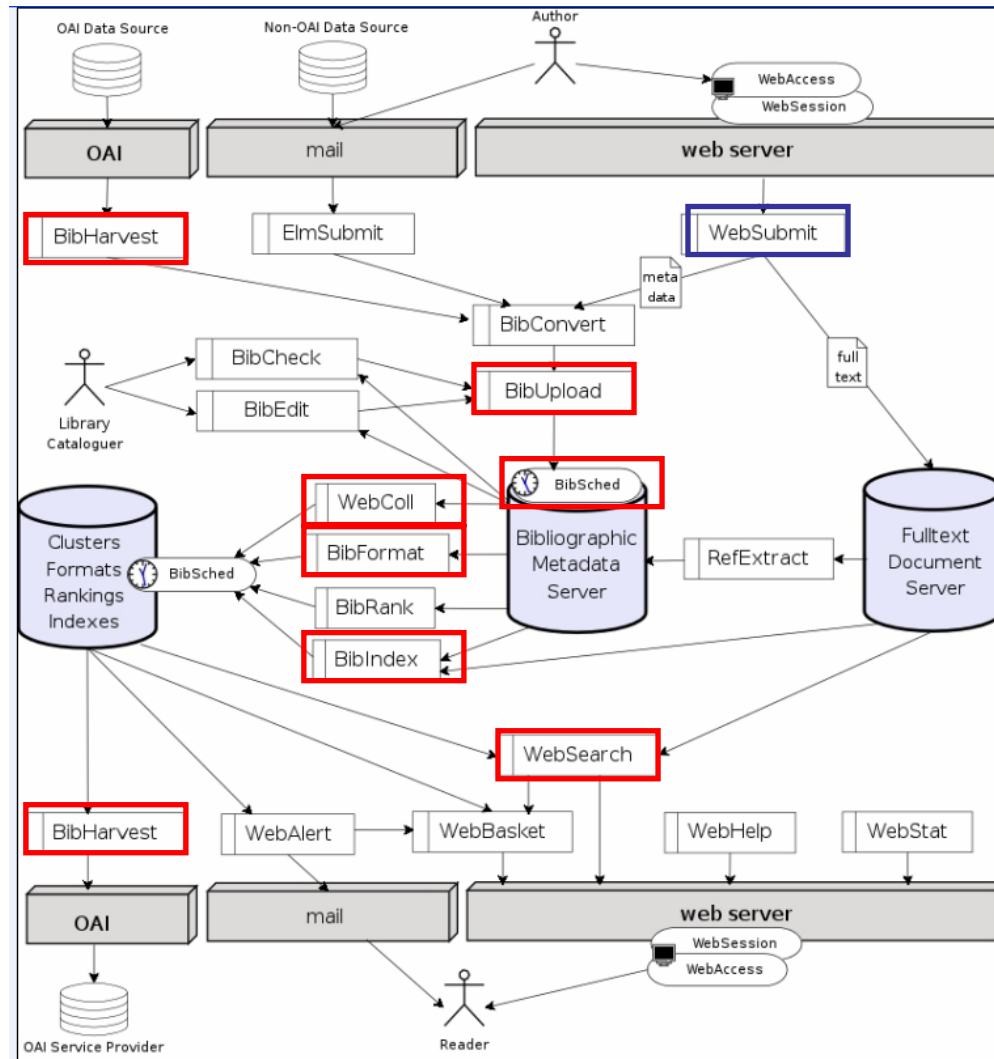

- Use the ILC logo → DONE

- Use colors and fonts (similar to linearcollider.org web site) → IN PROGRESS
- Get rid of few details remnants of the Demo version → IN PROGRESS

Modules Overview

modules learned/used

to do by the end of this week

TO DO (by the end of this week)

- Install the latest version of Invenio
- Start defining and organizing Submit pages
 - **Implies defining the record naming convention**
